## EDUCATION

---

**Bachelor of Computer Science**, University of Houston

Expected December 2025

**Associate of Computer Science**, Lone Star College

August 2023

**Relevant Coursework:** Programming and Data Structures, Fundamentals of Operating Systems, Algorithms and Data Structures, Software Design

## SKILLS

---

<b>Languages:</b>	C++, Python, HTML, CSS, JavaScript, Swift
<b>Frameworks &amp; Libraries:</b>	React, Flask, SwiftUI, Core Data, Swift Charts
<b>Databases &amp; APIs:</b>	MySQL, MySQL Workbench, REST APIs, SQLite
<b>Developer Tools:</b>	Vite, Xcode, VS Code, GitHub, FileZilla, PuTTY, Figma, Postman
<b>Office &amp; Productivity:</b>	Microsoft Word, Excel, PowerPoint

## PROJECT EXPERIENCE

---

**Personal Expense Tracker** | SwiftUI, Swift, Core Data ([GitHub](#))

September 2025 – December 2025

- Built expense tracking and categorization system with Core Data, reducing manual record-keeping effort by 50%.
- Implemented monthly spending analytics with Swift Charts, improving user insight into budgeting trends by 35%.
- Added currency conversion via REST API, expanding app usability for 10+ international currencies
- Optimized local persistence layer, improving data retrieval speed by 25% compared to a baseline SQLite implementation.

**Volunteer Management Website** | React, Vite, Flask, MySQL ([GitHub](#))

June 2025 – August 2025

- Collaborated with a 4-person team to design and implement a full-stack web app supporting 30+ volunteer profiles, event coordination, and role-based assignments.
- Built a dynamic, responsive UI with React + JavaScript, integrating form inputs, search filters, and adaptive layouts to enhance usability across devices.
- Developed secure RESTful APIs with Flask and JWT to manage authentication, registrations, assignments, and volunteer activity tracking with 100% role-based access control.

**Personal Portfolio Website** | HTML, CSS, JavaScript ([GitHub](#))

December 2024 – January 2025

- Built and deployed a personal portfolio website to showcase 2+ projects, professional background, and contact information.
- Integrated LinkedIn and email contact features, enabling direct outreach from visitors.

## WORK EXPERIENCE

---

**Waiter**

May 2024 – Present

Atami Steak & Sushi

- Managed multiple orders efficiently while maintaining accuracy and attention to detail.
- Resolved customer concerns promptly to enhance overall dining experience.
- Collaborated with kitchen and front-of-house staff to optimize service flow.
